Introduction

PSB Singapore

Processes subject to control:

- Handling
- Storage
- Delivery
- Installation
- Servicing
- Secondary assembly

TUV SUD PSB Pte Ltd TUV® 4

Introduction

PSB Singapore

The 3rd Party Certification Body:

- Accreditation by Singapore Accreditation Council
- Recognition by Health Sciences Authority

TUV SUD PSB Pte Ltd TUV® 5

The Requirements

PSB Singapore

Clause 2: Quality Management System

- Required documents and records
- Control of documents
- Control of records

TUV SUD PSB Pte Ltd TUV® 6

The Requirements

PSB Singapore

Clause 2: Quality Management System

Requirements specific to GDPMDS

- Site Master File
- Retention period of distribution records

TUV SUD PSB Pte Ltd

7

The Requirements

PSB Singapore

Clause 3: Resource Management

- Personnel
- Facilities and Premises

TUV SUD PSB Pte Ltd

8

The Requirements

PSB Singapore

Clause 3: Resource Management

Requirements specific to GDPMDS

- Defined competence of key personnel in charge of warehouse operations
- Cleaning and pest control requirements

TUV SUD PSB Pte Ltd

9

The Requirements

PSS Singapore

Clause 4: Storage and stock handling

- Receipt of stock
- Calibration of equipment used
- Storage
- Distribution
- Installation and servicing

TUV SUD PSB Pte. Ltd. TUV®

10

The Requirements

PSS Singapore

Clause 4: Storage and stock handling

Requirements specific to GDPMDS

- Record of storage conditions
- Stock rotation

TUV SUD PSB Pte. Ltd. TUV®

11

The Requirements

PSS Singapore

Clause 5: Traceability

Requirement specific to GDPMDS

- Maintenance of distribution records for the lifetime of the device but not less than 2 years from the date of shipment.

TUV SUD PSB Pte. Ltd. TUV®

12

The Requirements

PSB Singapore

Clause 6: Medical device complaints

Requirements specific to GDPMDS

- Maintenance of records of complaints, investigation and subsequent action(s)
- Reporting of adverse events

TUV SUD PSB Pte. Ltd. TUV®

13

The Requirements

PSB Singapore

Clause 7: Field Safety Corrective Actions (FSCA)

Requirements specific to GDPMDS

- Documented procedures for handling of FSCA
- Recommendation to use ISO 14971

TUV SUD PSB Pte. Ltd. TUV®

14

The Requirements

PSB Singapore

Clause 8: Return of Medical Devices

Requirement specific to GDPMDS

- Establishment of criteria for re-evaluation of returned medical devices

TUV SUD PSB Pte. Ltd. TUV®

15

The Requirements

PSB Singapore

Clause 9: Disposal of Medical Devices

Requirement specific to GDPMDS

- Documented procedures for the disposal of medical devices

TUV SUD PSB Pte. Ltd. TUV®

16

The Requirements

PSB Singapore

Clause 10: Counterfeit, Adulterated, Unwholesome and Tampered Medical Devices

Requirements specific to GDPMDS

- Segregation of such medical devices once found
- Informing competent authority, registrant and product owner

TUV SUD PSB Pte. Ltd. TUV®

17

The Requirements

PSB Singapore

Clause 11: Internal Audit

Clause 12: Management Review

- Comparable to ISO 13485

TUV SUD PSB Pte. Ltd. TUV®

18

The Requirements

PSB Singapore

Clause 13: Outsourced processes

Requirement specific to GDPMDS

- Inclusion of supplier into internal audit unless supplier is GDPMDS certified

TUV SUD PSB Pte Ltd TUV®

19

The Requirements

PSB Singapore

Clause 14: Secondary Assembly

Comparable to Clause 7.5.1 of ISO 13485

- Requirements to be applied for processes which are considered to be secondary assembly i.e. a repackaging process which does not breach the primary packaging.

TUV SUD PSB Pte Ltd TUV®

20

Conclusion

PSB Singapore

Post GDPMDS Realities:

1. Quality Management system which is comparable to ISO 13485 required for distribution of medical devices in Singapore
2. In addition to ISO 13485 requirements, compliance required for GDPMDS requirements specifically established by Singapore legislature.
